PROFESSIONAL EXPERIENCE

Nexgeno Technology Private Limited

04/2025 – Present | Mumbai, IN

Front End Developer

- Developed the complete front-end of **Rajas Air Safari**, a visually immersive and responsive website using Bootstrap 5, HTML, CSS, and jQuery animations, resulting in enhanced brand presence and user engagement.
- Built and optimized **WebsiteDesignInMumbai**, a corporate portfolio platform showcasing client work, services, and internal projects — contributed to a notable increase in SEO performance.
- Maintained and enhanced the main company website **nexgeno.in** (built with React.js and Tailwind CSS) by refining layouts, improving UI/UX consistency, and optimizing performance for faster load times and better responsiveness.
- Implemented modular, reusable React components and followed best coding practices to ensure scalability, maintainability, and consistency across projects.
- Ensured high-quality frontend output with cross-browser compatibility, responsive design standards, and efficient Git-based version control; deployed builds using Vercel and Netlify and adopted a component-driven architecture.
